

Wet Water: A New Approach to Thriving in the Workplace (Paperback)

Filesize: 5.62 MB

Reviews

The publication is fantastic and great. It can be rally exciting throgh reading period of time. I am just very happy to inform you that this is the greatest publication i actually have read in my very own daily life and could be he very best ebook for at any time.
(Prof. Alvis Wuckert)

WET WATER: A NEW APPROACH TO THRIVING IN THE WORKPLACE (PAPERBACK)

Thriving Workplace, United States, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.We've all felt it. Frustration at work, dissatisfaction with our jobs, dysfunctional relationships with coworkers, absence of trust in our leaders, lack of recognition and appreciation for our contributions. It all seems to be part and parcel with what it means to be an employee in today's workplace. Of course there are also moments of triumph and exhilaration, times when we feel a real sense of worth and accomplishment in what we do. But these seem to be little more than flashes in the pan in an otherwise never-ending struggle to eke out a living and, hopefully, find some semblance of personal self-worth in the process. The good news is that it's possible to tip the scales, and we don't have to quit our jobs to do it. We can increase our sense of meaning and purpose while at the same time reduce our feelings of futility and frustration. But to do this we first need to understand what it is that's causing us such discontent. And to do this, we need to talk about wet water. Water is wet. (Really. Go check. I'll wait.) That's its nature, and for the most part that's not a problem. Fish do quite well in wet water. A fish doesn't complain that water is wet. If it did it would live a very frustrated and pointless existence. Even if it wanted to, even if it dedicated its every waking moment to the endeavor, a fish can't change the nature of wet water. It's an environmental constant. All a fish can hope to do is adapt to water's wet...
